

MessageBuffer::to\_string

MessageBuffer::write

MessageBuffer::get  
\_write\_pointer

```
graph LR; A[MessageBuffer::to_string] --> C[MessageBuffer::get_write_pointer]; B[MessageBuffer::write] --> C;
```

The diagram consists of three rectangular boxes. On the left, there are two white boxes with black borders, one above the other. The top box contains the text 'MessageBuffer::to\_string' and the bottom box contains 'MessageBuffer::write'. On the right, there is a single gray box with a black border containing the text 'MessageBuffer::get\_write\_pointer'. Two blue arrows originate from the right side of the two white boxes and point towards the left side of the gray box, indicating a relationship or flow from the left-hand methods to the right-hand method.
