

BOOST_AUTO_TEST_CASE

GenericTestObjectSearcher
::perform_on

TestRefManager::begin

```
graph LR; A[BOOST_AUTO_TEST_CASE] --> C[TestRefManager::begin]; B[GenericTestObjectSearcher::perform_on] --> C;
```

The diagram consists of three rectangular boxes. On the left, there are two white boxes with black borders. The top box contains the text 'BOOST_AUTO_TEST_CASE' and the bottom box contains 'GenericTestObjectSearcher' followed by '::perform_on' on a new line. On the right, there is a single gray box with a black border containing the text 'TestRefManager::begin'. Two blue arrows originate from the right side of the two white boxes and point towards the left side of the gray box, indicating a relationship or flow from the left elements to the right element.
