Horizon::Structures
::LinkedList::Reference::prev

Horizon::Structures
::LinkedList::Element::prev

```
graph LR; A[Horizon::Structures::LinkedList::Reference::prev] --> C[Horizon::Structures::LinkedList::Element::prev]; B[Horizon::Structures::LinkedList::Reference::prev] --> C;
```

The diagram illustrates a linked list structure. On the left, there are two white rectangular boxes, each containing the text 'Horizon::Structures::LinkedList::Reference::prev'. On the right, there is a gray rectangular box containing the text 'Horizon::Structures::LinkedList::Element::prev'. Two blue arrows originate from the right side of each white box and point towards the left side of the gray box, indicating that both references point to the same element.
