

Horizon::Zone::ZoneClient
Interface::notify_storage
_remove_item

```
graph LR; A[Horizon::Zone::ZoneClient  
Interface::notify_storage  
_remove_item] --> B[Horizon::Zone::ZC_DELETE  
_ITEM_FROM_STORE::deliver];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'Horizon::Zone::ZoneClient', 'Interface::notify_storage', and '_remove_item' on three lines. The right box is gray with a black border and contains the text 'Horizon::Zone::ZC_DELETE', '_ITEM_FROM_STORE::deliver' on two lines.

Horizon::Zone::ZC_DELETE
