

Horizon::Zone::CZ\_USE  
\_SKILL\_TOGROUND::handle

```
graph LR; A[Horizon::Zone::CZ_USE<br/>_SKILL_TOGROUND::handle] --> B[Horizon::Zone::CZ_USE<br/>_SKILL_TOGROUND::deserialize];
```

A diagram showing a call from the `handle` method to the `deserialize` method. The `handle` method is in a white box on the left, and the `deserialize` method is in a gray box on the right. A blue arrow points from the `handle` box to the `deserialize` box.
