

```
Horizon::Char::ClientSocket  
Mgr::start
```

```
graph LR; A[Horizon::Char::ClientSocketMgr::start] --> B[Horizon::Networking::AcceptSocketMgr< CharSocket >::start];
```

A diagram showing a call from `Horizon::Char::ClientSocketMgr::start` to `Horizon::Networking::AcceptSocketMgr< CharSocket >::start`. The first box is grey and the second is white, connected by a blue arrow.

```
Horizon::Networking  
::AcceptSocketMgr< CharSocket  
>::start
```
