

Horizon::Zone::Entity
::set_finalized

```
graph LR; A[Horizon::Zone::Entity::set_finalized] --> B[Horizon::Zone::Entity::map]; B --> B;
```

The diagram illustrates a sequence of operations. On the left, a gray rectangular box contains the text 'Horizon::Zone::Entity::set_finalized'. A straight blue arrow points from the right side of this box to the left side of a white rectangular box on the right. This white box contains the text 'Horizon::Zone::Entity::map'. Above the white box, a curved blue arrow starts from its top edge and points back to its top edge, forming a self-loop.

Horizon::Zone::Entity::map
